Hampton Collection

# Where quality and distinction are the Sutcliffe standard...

I am delighted to present our latest Hampton Mahogany brochure. The Hampton collection is made with real wood and real wood veneers in a Mahogany finish and bears all the hallmarks of traditional Sutcliffe craftsmanship. In this brochure we will show our extensive collection illustrating the comprehensive range of living, dining and occasional furniture.

Sutcliffe Furniture is a division of James H Sutcliffe & Son Ltd., a family owned, independent furniture manufacturer based in the Pennines.

We have been manufacturing fine furniture here in Todmorden since 1887, drawing on the skills of generations of local craftsmen and women.

All of our furniture is made in the UK and we are proud of our heritage in British manufacturing. In this brochure there are over sixty pieces of outstandingly crafted pieces of furniture for you to choose from which we can guarantee will suit any home interior.

Sutcliffe Furniture has over 120 years experience of furniture making and without exception the Hampton Mahogany collection bears all the hallmarks of traditional Sutcliffe craftsmanship.

This all-embracing collection offers a choice of six dining tables, four with flip centre leaves for additional diners.

The flip centre leaf requires no real effort to extend your table when needed, so you are able to select the size of table as and when needed.

The Goodwood oval dining table encompasses Sutcliffe's design attributes with its elegant silhouette this table is both grand and functional with its flip centre leaf.

For those who seek a smaller option the 3236 is designed as a more condensed version of the Goodwood with its fluid lines for those seeking a design with sophistication but where space is a consideration.

Alternative options ideal for smaller lounges or dining rooms is the 3239 a round table with pedestal leg but also has the flip extension to accommodate those additional diners when required.

The 3935 large drop leaf table with its innovative pedestal leg is an ideal solution for those wanting to utilise space or alternately there is the more traditional option of the 3235 gate-leg table. Both tables have individual leaf supports that allow for individual dining when folded, or the facility to effortlessly seat six diners when fully extended.

The contemporary 3930 is a neat rectangular table which is compact in width but with

the flip centre can easily accommodate additional diners.

With all our Dining tables you can select from any of our four chairs, Droxford, Hampton, Arran and Guildford. All chairs come with a carver option.

All the chairs are made with solid wood frames. Importantly in the chair construction at Sutcliffe we use mortice and tenon joints to ensure longevity.

# Why Hampton?

We believe we have ten good reasons...

Proud of our heritage, we have been producing furniture since 1887.

Collectors of Hampton will find a piece of furniture to suit every need.

We have been awarded the prestigious Guild Mark for Furniture design and manufacture.

All our furniture is British designed and manufactured.

All our timbers are sourced from sustainable forests.

Hampton is continually evolving creating new cabinet to meet modern home needs.

It is collectable.

We use dove tail joints in all our drawers.

We use mortice and tenon joints in all our chair joints.

All timbers and veneers are hand selected.

## Care of cabinet

To keep your cabinet in good condition, we recommend that, in addition to regular dusting with a soft, clean duster, an occasional wipe with a chamois leather rinsed in a mild detergent solution is beneficial.

Any spillage should be removed at once. Proprietary sprays and polishes **MUST NOT BE USED**.

Please avoid heat and rough objects which may scratch the surface of the furniture.

Further instructions regarding your particular item of furniture are attached to each individual item where applicable.

Wood is a natural material and so will vary in grain and colour.

Wood will mellow subtly with age.

Hampton offers a choice of two handles one as shown in the wood with the pewter trim and another same style but all wood.

**All measurements are approximate.**
