Where quality and distinction are the Sutcliffe standard...

I am delighted to present our latest Trafalgar Teak brochure. In this brochure we will show our extensive collection illustrating the comprehensive range of living, dining and occasional furniture.

Sutcliffe Furniture is a division of James H Sutcliffe & Son Ltd., a family owned, independent furniture manufacturer based in the Pennines.

We have been manufacturing fine furniture here in Todmorden since 1887, drawing on the skills of generations of local craftsmen and women.

All of our furniture is made in the UK and we are proud of our heritage in British manufacturing. In this brochure there are over sixty pieces of outstandingly crafted pieces of furniture for you to choose from which we can guarantee will suit any home interior.

For those who seek a smaller option the 236 is designed as a more condensed version of the Goodwood with its fluid lines for those seeking a design with sophistication but where space is a consideration.

Alternative options ideal for smaller lounges or dining rooms is the 239 a round table with pedestal leg but also has the flip extension to accommodate those additional diners when required.

The 935 large drop leaf table with its innovative pedestal leg is an ideal solution for those wanting to utilise space or alternately there is the more traditional option of the 235 gate-leg table. Both tables have individual leaf supports that allow for individual dining when folded, or the facility to effortlessly seat six diners when fully extended.

The contemporary 930 is a neat rectangular table which is compact in width but with

the flip centre can easily accommodate additional diners.

With all our Dining tables you can select from any of our four chairs, Droxford, Trafalgar, Arran and Guildford. All chairs come with a carver option.

All the chairs are made with solid wood frames. Importantly in the chair construction at Sutcliffe we use mortice and tenon joints to ensure longevity.
