

r e n a i s s a n c e

I am delighted to present our latest Renaissance brochure, illustrating the comprehensive range of living, dining and occasional furniture. White & Newton is a division of James H Sutcliffe & Son Ltd., a family owned, independent furniture manufacturer based in the Pennines.

We have been manufacturing fine furniture here in Todmorden for over a century, drawing on the skills of generations of local craftsmen and women. I would like to take this opportunity to thank all our existing customers for their continued support over many years and to welcome new customers to White & Newton. By working closely with our Stockists we aim to provide you with a full range of British made furniture that will give you pleasure for many years to come.

G. Mitchell

George Mitchell, Chairman

quality

White & Newton prides itself on providing high quality products to its clientele. This is achieved through, firstly, the hand-selection of timbers and veneers by highly qualified buyers, then incorporating these fine raw materials into craftsmanship features such as mortice and tenon jointed chairs, door frames and table underframes. Dovetail joints in all solid timber drawers provide maximum strength whilst gliding smoothly on quality drawer runners. Each individual item is manufactured by craftsmen whose skills are passed down from generation to generation and where

pride is taken in each product through the manufacturing process to the final hand-finishing and hand-sanding before polishing. Quality control plays an important role at White & Newton - inspections are made throughout each process - from manufacturing to dispatch, ensuring White & Newton's commitment to quality.

design

This all-embracing Renaissance collection has something for everyone. Our in-house design teams are continuously working on

new products that reflect current trends and styles, ensuring that only the finest materials are used.

care of cabinet

To keep your cabinet in good condition, we recommend that, in addition to regular dusting with a soft, clean duster an occasional wipe with a chamois leather rinsed in a mild detergent solution is beneficial. Any spillage should be removed at once. Proprietary sprays and polishes MUST NOT BE USED. Please avoid heat and

rough objects which may scratch the surface of the furniture. Further instructions regarding your particular item of furniture are attached to each individual item where applicable. With exposure to light, all timber will mellow with age. It must be borne in mind that timber being a natural substance, no two pieces will be identical.

guild mark

The Worshipful Company of Furniture Makers is only the sixth Livery Company of the City of London to be formed since the reign of Queen Anne. The company aims to foster the British Furniture Industry and one way of doing so is by granting Guild Marks in recognition of product excellence. The criteria for awarding a Guild Mark

are: Excellence in design, materials, workmanship and function. White & Newton is proud to be amongst the select group of UK manufacturers to be awarded Guild Marks by the Worshipful Company of Furniture Makers for its products.

6538 Dining Table with Fontenay Chairs and Carvers, 6548SB Sideboard, 6527 Corner Display Unit.

White & Newton hand-selects the timbers and veneers for their Renaissance Collection, then incorporates fine features such as mortice and tenon jointed chairs, solid door frames and table underframes. Dovetail joints in all solid timber drawers provide maximum strength whilst gliding smoothly on quality drawer runners. With each individual item, pride is taken through each manufacturing process to the final hand-finishing and hand-sanding, before polishing. The Renaissance Collection is available in four finishes, Cherry, Cerise, Sienna and Mahogany.
